

Happy Spring!

Mulching will begin soon throughout the community. Good news – this year, in order to help residents keep up with the task, the association has hired a company to weed the fronts and sides of units several times during the warm weather months.

Two new parking spaces will soon be added near the mailboxes on Jayme Drive. Recently, vehicles have been noticed parked in unauthorized areas. Please heed the no parking signs that have been placed throughout the community.

Let's all pitch in to keep Crown Pointe beautiful!

A few reminders:

- Throughout the year, homeowners are responsible for weeding in the fronts and sides of their units. The work done by the

association several times this summer is simply a means of assisting residents during the worst of the season.

- Bird feeders are not permitted at any time. They are messy, bring health concerns, and attract unwanted critters.
- Garbage and recyclables should not be placed at the curb until 6 p.m. the evening before pickup. Additionally, the empty containers should be removed by the evening of pickup.
